Only for cold drinks

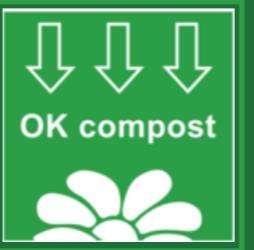

PEFC

All of our paperboard comes from The Programme for the Endorsement of Forest Certification

(PEFC) certified sustainably managed forests.

PEFC certified Polyethylene (PE) inner lining ensures that the cup is safe to use and ensures that it holds content safely, hot or cold.

COMPOSTABLE

100% Compostable, Biodegradable Eco-Friendly Paper Cups

With the purpose of answering to strong demand for eco-friendly solutions, Selcup Paper Cup launched the Bio-Cup range in 2019 which is fully compostable and certified in accordance with EN 13432 standards.

Selcup Bio-Cups are a sustainable choice; with high-quality carton board designed especially for cups. It is food-safe, ecological, and works smoothly and consistently in converting. It's also economical as the board's structure provides the required stiffness; resulting in light, yet functional cups. Also the innovative material is suitable for hot and cold drinks.

Selcup Bio-Cups are 100% compostable in industrial composting and can be collected together with food waste in most collecting schemes and supports Zero Waste. The product can degrade completely in industrial facilities in 12 weeks.

We are proud to introduce Bio-Cups to our customers to further eco-friendly solutions.
